

Sprint Retrospective 01: 9/17 - 9/27

Scrum Master: Sarah S.

What went well this sprint?

- Proposal approved
- No blocks
- Implemented feedback changes to proposal quickly
- Completed most tasks in a timely manner
- Reached velocity

What went wrong or lacked this sprint?

- Tracking effort points
- Consistent daily stand ups
 - Need to use discord reminders
- Updating hours to burndown
- Free time between proposal approval and BRD

What will we carry over to the next sprint?

- Working on BRD
- Study for Team Review #1
- Discord bot reminders for daily stand ups
- Asking for consistent feedback on assignments

What will we do differently next sprint?

- Update burndown charts during daily stand ups
- Have team capacity and velocity hours relatively close
- Revise Backlog (Priority)
- Restructure Sprint Planning and align with Backlog
- Assign a work item to one person only
